The U.S. Government intends to award a contract to the responsible offeror representing best value using comparative evaluation authorized under FAR 13.106-2(b) (3). A comparative evaluation is defined as the act of comparing two or more offers in response to the RFQ. The item-by-item comparison is performed by comparing each offer directly to one another to determine which provides the best value to the Department.

Comparative evaluation is NOT a low price technically acceptable (LPTA) or trade-off process. Prospective offers must still meet basic standards for responsibility at FAR 9.104 and solicitation compliance to be eligible for award. We intend to award a contract based on initial quotations, without holding discussions, although we may hold discussions with companies if there is a need to do so.

Direct any questions regarding this request for quotation in writing to e-mail address kyivsolicitations@state.gov during regular business hours.

Sincerely,

Charles Specht
Contracting Officer
