

MEDICAL EVACUATION

The Department of State assumes no responsibility or liability for the professional ability or reputation of, or the quality of services provided by, the entities or individuals whose names appear on the following list. Inclusion on this list is in no way an endorsement by the Department or the U.S. government. Names are listed alphabetically, and the order in which they appear has no other significance. The information on the list is provided directly by the local service providers; the Department is not in a position to vouch for such information.

Life-threatening emergencies – severe trauma, complicated symptoms not treatable or diagnosable in Ukraine, frail patients with a history of chronic problems, and other cases requiring immediate medical care – are sometimes medically evacuated by air ambulance. Air ambulance service from Kyiv to Western Europe can cost as much as \$30,000 and as much as \$80,000 to the U.S. A list of medevac companies follows.
