**A. PROJECT DESCRIPTION**

The U.S. Department of State, U.S. Embassy Kyiv announces an Open Competition for organizations interested in submitting applications for projects that support combating disinformation and malign narratives spread via social and traditional media in Ukraine.

**A.1 Background**

The U.S. Embassy in Kyiv announces a call for institutional partners with extensive experience and capacity in training and outreach among Ukrainian non-governmental and media organizations in the field of countering disinformation to submit proposals for sustaining the efforts of such Ukrainian organizations by conducting and funding a small grants competition.
The grants competition would provide funds to successful applicants to combat disinformation and malign narratives spread via social and traditional media in Ukraine. Subject to availability of funds, the Embassy will award a grant as described below to an organization. The successful applicant must have previous experience managing the award amount in Section A or greater and must demonstrate capacity to manage a nation-wide grants competition in countering disinformation. The criteria for the competition should ensure that proposals be tailored toward Ukrainian audiences, and all project activities supported through these funds should take place in Ukraine. Proposed projects should demonstrate sustainability after their completion and include monitoring and evaluation plans. The length of the project may be up to two years. Individual projects may be funded at a range between $40,000 and $150,000.

A.2 Goals
Projects should
- Empower citizen activists engaged in the broad effort to combat malign narratives and disinformation.
- Analyze information identified via data analytical tools and open-source digital research and disseminate that analysis to the public, media/journalists, government bodies, international partners, and other relevant groups.
- Conduct outreach to specific Ukrainian audiences in an effort to reduce their vulnerability to disinformation, misinformation, and malign narratives.

Projects should be designed to achieve the following:

Objective 1: Support the work of established activists, media, volunteers, and civil society organizations to assertively combat disinformation.

Objective 2: Collect and analyze data on disinformation campaigns via both open source and data analytical tools to inform target audiences (media, activists, volunteers, and civil society organizations) and award implementer.

Objective 3: Identify relevant information that will be disseminated to the media/journalist.

A.3 Main Activities
To achieve the goals and expected results, the program should include the following:
- Active coordination with other organizations including, but not limited to, activists, media, volunteers, and civil society organizations engaged in similar efforts, relying on existing networks (Note: Projects could provide support to smaller organizations already involved in combating disinformation to continue their work. Projects that use data analysis and digital forensics from their own or other existing organizations active in Ukraine will be viewed favorably.).
- Conduct and coordinate outreach events via the dissemination of information to specific Ukrainian audiences including but not limited to Ukrainians located in areas most susceptible to malign Russian influences (eg. Eastern Ukraine, areas under active or potential threat from war) in an effort to reduce their vulnerability to disinformation, misinformation, and malign narratives.
- Provide resources, including in online format.
• Empower and support activists, possibly through trainings and other methodology.
• Support subawards to established and effective grassroots-level organizations.
• Research and analysis of open-source materials regarding disinformation campaigns targeting Ukraine.
• Development and/or use of existing data analytical tools to collect and analyze data on disinformation efforts in Ukraine.
• Development of informational products to be shared with media/journalists to reduce their vulnerability to disinformation, misinformation, and malign narratives.
• Information sessions specifically for media/journalists on combatting disinformation, misinformation and malign influences and the role of media in this effort.

A.5 Performance Indicators

Performance Indicators:
• # of organizations, media representatives and volunteers reached.
• # of subgrants issued.
• # of people reached via outreach events.
• # of data sources used in data collection and analysis
• # of reports generated
• # of media representatives/journalists receiving training
• # of media representatives/journalists reached with informational products.

Competitive proposals must demonstrate the applicant’s ability to:
• tailor proposals toward Ukrainian audiences.
• implement all project activities, supported through these funds, in Ukraine.
• manage the award amount listed under Total Funding, page 1, or a greater amount based on previous experience managing federal awards.
• implement a Ukrainian-wide grants competition in countering disinformation.

The U.S. Government may make award(s) based on initial applications received, without discussions or negotiations. Therefore, each initial application should contain the applicant's
best terms from a cost and technical standpoint. The U.S. Government reserves the right to enter discussions with one or more applicants in order to obtain clarifications, additional detail, or to suggest refinements in the project description, budget, or other aspects of an application.

U.S. Embassy Kyiv anticipates awarding a grant.

   - Program Activities
   - Program Indicators

   Required *Scope of Work (SOW)* template is provided as an attachment to this NOFO.

7. **Performance Monitoring & Evaluation Narrative and Plan** (see provided sample template):

   a. **Program Monitoring & Evaluation Narrative** details how a project’s performance monitoring and evaluation system will be carried out and by whom. It explains how the project’s performance toward its objectives will be tracked over time. It should provide a clear description of the approach and data collection strategies and tools to be employed (e.g., pre- and post-test surveys, interviews, focus groups). The description should also include how the applicant will track and document whether activities occurred (outputs) and the results or changes caused by these activities (outcomes). If the project includes work with local partners or sub-partners, explain how performance monitoring and evaluation efforts will be coordinated amongst these organizations. Explain if an external evaluation will be included. Evaluations, internal or external, should be systematic studies that use research methods to address specific questions about project performance. They should provide a valuable supplement to ongoing monitoring activities. Evaluation activities generally include baseline assessments, mid-term and final evaluations.

   b. **Performance Monitoring & Evaluation Plan** should draw on the objectives, activities and expected changes from the Scope of Work, and link those areas to indicators. The Program Monitoring & Evaluation Plan is generally structured as a table with output-based and outcome-based indicators. It outlines baselines (where your project is starting) and quarterly targets (what you would like to achieve) for each indicator.
The project should monitor and report on performance indicators that are specific, measurable, achievable, reasonable, and time bound. Establish, where possible, performance baseline data and expected performance targets for each expected result and include details on what sources of data will be used to document performance, how the indicators will be measured, frequency of measurement, and units of measure. Where possible, indicators should also allow for sex disaggregation. Indicators should reflect key project outputs or outcomes that reflect the primary goals or objectives of the project, and that the implementer can collect with high quality data.

A sample *Performance Monitoring & Evaluation Narrative and Plan Template* is provided as an attachment to this NOFO.

8. **Timeline** (not to exceed one (1) page, preferably as a Word Document or Excel Sheet). The timeline of the overall proposal should include activities and monitoring and evaluation efforts outlined in either a monthly or quarterly format.

9. **Detailed Budget** (must be an Excel workbook) that includes three (3) columns containing the request to U.S. Embassy Kyiv for U.S. share of cost, any cost sharing contribution, and the total budget. A Summary Budget should also be included using the OMB-approved budget categories (see SF-424A as a sample) in a separate tab. Costs must be in U.S. Dollars. Detailed line-item budgets for sub-grantees should be included as additional tabs within the Excel workbook (if available at the time of submission).

For more information, *Budget Guidance and Template for New Awards (FY2022)* is provided as an attachment to this NOFO.

Use of the Detailed Budget template (*Budget Guidance and Template for New Awards (FY2022)* is not required, however, the submitted budget must follow OMB budget categories. If an applicant’s budget does not follow OMB budget categories, the application will be deemed technically ineligible and will not be considered for funding.
10. **Budget Narrative** (preferably as a Word Document; (no maximum page limit). Justify each line-item in the budget and explain how the amounts were derived, consistent with the applicant’s documented policies, as well as the source and description of all proposed costs (and cost-share, if applicable). The Budget Narrative should complement the budget rather than repeat information provided in the budget. For example, the narrative should provide details on the purpose of costs, reasonability of costs, cost price analysis, explain allocations, explain any yearly variances, and tie expenses to program activities and/or objectives where appropriate. Sources of all cost-share offered in the application should be identified and explained in the budget narrative.

Personnel costs must include a clarification of the roles and responsibilities of all staff, base salary, and percentage of time devoted to the project (also known as level of effort). The Budget Narrative should support the activities described in the proposal and provide additional information that might not be readily apparent in the Detailed Budget, not simply repeat what is represented numerically in the budget, i.e., salaries are for salaries or travel is for travel.

If the Detailed Budget includes subawards, please include a separate Budget Narrative for each organization. Please note that subaward organizations must have a SAM.gov unique entity identifier (UEI) number (certain exceptions apply).

For ease of review, it is highly recommended that applicants order the Budget Narrative in the same order as the Detailed Budget.

See Tab 1 of *Budget Guidance and Template for New Awards (FY2022)*, provided as an attachment, for more information.

A sample *Budget Narrative Template* is provided as an attachment to this NOFO.

11. **NICRA Letter**: If your organization has a Negotiated Indirect Cost Rate Agreement (NICRA) and includes NICRA charges in the budget, your latest NICRA letter should be included as a PDF file. This document will not be reviewed by the Merit Review Panel but will be used by project and grant team if the submission is recommended for funding. Organizations that have previously established indirect cost rates must submit timely indirect cost proposals to their cognizant agency as required by Appendix III & IV of 2 CFR 200. If indirect cost proposals have not been submitted for re-negotiation, as required, out-of-date NICRAs may not be considered. If your proposal involves subawards to organizations charging indirect costs, please submit their NICRA, if applicable.

12. **Single Audit**: a PDF file copy of your organization’s most recent single audit is required, if your organization meets the threshold as defined in 2 CFR 200 Subpart F. If your organization has not had a recent single audit (within your organization’s previous 3 fiscal years), you must submit your organization’s most recent independent financial audit.
13. **Key Personnel Summary**: (not to exceed two (2) pages, preferably as a Word Document). Include short bios that highlight relevant professional experience. Provides names, titles, roles, and experience/qualifications of key personnel involved in the program. Note the location where key staff will be based and percentage of their time (level of effort) that will be used in support of this program.

14. **CV or Resume of Key Personnel**: (no maximum page limit per CV or Resume). Include name, work history and experience or qualifications of key personnel who are proposed for the program.

15. **Security Plan** (not to exceed three (3) pages). Address any issues involving in-person events and recruitment for said events, and safety for any online programs or communications, including independent IT security audits (to include a vulnerability assessment) of any proposed web application or platform. Organization’s Security Plan should demonstrate consideration of the risks identified in the Proposal Narrative risk analysis. Costs may also be identified within the Detailed Budget and Budget Narrative. Applicants are also encouraged to include contingency plans for in-person or online activities.

16. **Contingency Plan** (not to exceed three (3) pages). The Contingency Plan, for proposed activities should the originally planned activities not be able to be implemented, should be submitted as an additional annex. Applicants should demonstrate consideration of the risks identified in the Proposal Narrative risk analysis and include specific alternative activities or locations as part of the Contingency Plan. Any proposed “plan” must comply with 2CFR200.433 – Contingency provisions. Plans must not include unallocable or unallowable expenses and must not exceed the notified Total Funding. U.S. Embassy Kyiv requires prior approval by the Grants Officer of the “contingency reserve” before any activities can take place, or costs can be incurred against the “contingency reserve.”

17. **COVID Contingency Plan** (attached as a separate document with no page limit). Recognizing that COVID-19 can limit and affect project activities, applicants must include a Contingency Plan that addresses contingency measures should the local COVID situation change. Below are some suggested considerations.
   - How will the project transition from virtual to in-person activities or from in-person to virtual activities?
   - How will COVID contingency costs be built into the budget?
   - How and when will the Grants Officer be notified of contingency costs?
   - What COVID precautions will be required for in-person activities?
   - What type and amount of COVID monitoring will be included in the proposal?

18. **Additional Attachments:**
• Letters of support from program partners describing the roles and responsibilities of each partner, if applicable/pre-identified
• Official permission letters, if required for project activities
• Letter of Disclosure for proposed consultants/personnel (if applicable) of potential conflicts of interest, employment with a local/state/Federal government.
• Letter(s) of Institutional Support to indicate that your organization’s leadership is providing their support of the application.

Applications that do not include the elements listed above will be deemed technically ineligible. To ensure that all applications receive a balanced evaluation, the Merit Review Panel will review from the first page of each section up to the page limit and no further.

D.2.2 Additional Information Requested of Successful Applicants Receiving Notification of Intent

Successful applicants must submit, after notification of intent to make a Federal award, but prior to issuance of a Federal award:

• Written responses and revised application documents addressing conditions and recommendations from the Merit Review Panel;
• A copy of the applicant’s latest NICRA as a PDF file, if the applicant has a NICRA and includes NICRA charges in the budget;
• A completed copy of the U.S. Department of State’s Financial Management Survey, if receiving U.S. Government funding for the first time;
• Submission of required banking information to U.S. Embassy Kyiv at request of Grants Officer Representative or Financial Management Officer for new vendor creation in U.S. Department of State financial management systems;
• Other requested information or documents included in the notification of intent to make a Federal award or subsequent communications prior to issuance of a Federal award.

D.3 Unique Entity Identifier and System for Award Management (SAM)

All prime organizations, whether based in the United States or in another country, must have a Unique Entity Identifier (UEI), formerly referred to as DUNS, and an active registration with SAM.gov before submitting an application. U.S. Embassy Kyiv may not review applications from or make awards to applicants that have not completed all applicable UEI and SAM.gov requirements. A UEI is one of the data elements mandated by Public Law 109-282, the Federal Funding Accountability and Transparency Act (FFATA), for all Federal awards.

The 2 CFR 200 requires that sub-grantees obtain a UEI number. Please note the UEI for sub-grantees is not required at the time of application but will be required before the award is processed and/or directed to a sub-grantee.
Note: The process of obtaining a SAM.gov registration may take anywhere from 4-8 weeks. Please begin your registration as early as possible.

- Organizations based in the United States or that pay employees within the United States will need an Employer Identification Number (EIN) from the Internal Revenue Service (IRS), a Commercial and Government Entity (CAGE) code, and a UEI number prior to registering in SAM.gov.

- Organizations based outside of the United States and that do not pay employees within the United States do not need an EIN from the IRS but do need a NATO CAGE (NCAGE) code and UEI number prior to registering in SAM.gov.

All organizations applying for grants (except individuals) must obtain these registrations. All are free of charge:

- NCAGE/CAGE Code
- Unique Entity Identifier from SAM.gov
- SAM.gov registration

Step 1: Apply for a NCAGE Code

NCAGE application: Application page here: https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx
Instructions for the NCAGE application process: https://eportal.nspa.nato.int/AC135Public/Docs/US%20Instructions%20for%20NSPA%20NCAGE.pdf

For NCAGE help from within the U.S., call 1-888-227-2423
For NCAGE help from outside the U.S., call 1-269-961-7766
Email NCAGE@dlis.dla.mil for any problems in getting an NCAGE code.

Step 2: After receiving the NCAGE Code, proceed to register in SAM.gov by logging onto: https://www.sam.gov.

All prime organizations must, at all times during which they have an active Federal award or application under consideration by any Federal awarding agency, maintain an active SAM.gov registration with current information. SAM.gov requires all entities to renew their registration once a year to maintain an active registration status in SAM.gov. It is the responsibility of the applicant to ensure it has an active registration in SAM.gov and to maintain that active registration. If an applicant has not fully complied with the requirements at the time of application, the applicant may be deemed technically ineligible to receive an award and use that determination as a basis for making an award to another applicant.

**D.3.1 Exemptions**

An exemption from these requirements may be permitted on a case-by-case basis.
Organizations requesting exemption from UEI or SAM.gov requirements must email the point of contact listed in the NOFO in Section G at least **two weeks prior to the deadline stated in the NOFO and provide a justification for their request.** UEI/SAM.gov Exemption must be approved by a warranted Grants Officer before the application can be deemed eligible for review.

*Note: Foreign organizations will be required to register with the NATO Support Agency (NSPA) to receive a NCAGE code in order to register in SAM.gov. NSPA will forward your registration request to the applicable National Codification Bureau (NCB) if your organization is located in a NATO or Tier 2 Sponsored Non-NATO Nation. As of September 2021, NATO nations included Albania, Belgium, Bulgaria, Canada, Croatia, Czech Republic, Denmark, Estonia, France, Germany, Greece, Hungary, Iceland, Italy, Latvia, Lithuania, Luxembourg, Montenegro, Netherlands, North Macedonia, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Turkey, United Kingdom, and the United States of America. As of September 2021, Tier 2 nations included Argentina, Australia, Austria, Brazil, Colombia, Finland, India, Indonesia, Israel, Japan, Republic of Korea, Malaysia, Morocco, New Zealand, Serbia, Singapore, Sweden, Ukraine, and United Arab Emirates.*

NSPA and/or the appropriate NCB forwards all NCAGE code information to all Allied Committee 135 (AC/135) nations, which as of September 2021 also included Algeria, Belarus, Bosnia & Herzegovina, Brunei Darussalam, Chile, Egypt, Georgia, Jordan, Oman, Pakistan, Peru, Qatar, Saudi Arabia, South Africa, and Thailand. **All organizations are strongly advised to take this into consideration when assessing whether registration may result in possible endangerment.**

**D.4 Submission Dates and Times**

Applications are due no later than 11:59 PM EDT/EST, Washington, D.C. on 18 AUGUST 2022/06:59 AM LOCAL TIME on 19 AUGUST 2022 on GRANTS.gov www.GRANTS.gov or U.S. Embassy Kyiv’s website (https://ua.usembassy.gov/) under the announcement title “Ukraine: Civil Society Program to Counter Disinformation in Ukraine,” funding opportunity number “PAS-Ukraine-2022-12.”

GRANTS.gov automatically logs the date and time an application submission is made, and the Department of State will use this information to determine whether an application has been submitted on time. Late applications are neither reviewed nor considered. Known system errors caused by GRANTS.gov or U.S. Embassy Kyiv’s website (https://ua.usembassy.gov/) that are outside of the applicant’s control will be reviewed on a case-by-case basis. Applicants should not expect a notification from U.S. Embassy Kyiv confirming receipt of their application.

**D.5 Funding Limitations, Restrictions, and other Considerations**

U.S. Embassy Kyiv will not consider applications that reflect any type of support for any member, affiliate, or representative of a designated terrorist organization. Please refer the link for Foreign Terrorist Organizations: [https://www.state.gov/foreign-terrorist-organizations/](https://www.state.gov/foreign-terrorist-organizations/).
Project activities whose direct beneficiaries are foreign militaries or paramilitary groups or individuals will not be considered for U.S. Embassy Kyiv funding given purpose limitations on funding.

The Leahy Law prohibits Department foreign assistance funds from supporting foreign security force units if the Secretary of State has credible information that the unit has committed a gross violation of human rights. Per 22 USC §2378d(a) (2017), “No assistance shall be furnished under this chapter [FOREIGN ASSISTANCE] or the Arms Export Control Act [22 USC 2751 et seq.] to any unit of the security forces of a foreign country if the Secretary of State has credible information that such unit has committed a gross violation of human rights.” Restrictions may apply to any proposed assistance to police or other law enforcement. Among these, pursuant to section 620M of the Foreign Assistance Act of 1961, as amended (FAA), no assistance provided through this funding opportunity may be furnished to any unit of the security forces of a foreign country when there is credible information that such unit has committed a gross violation of human rights. In accordance with the requirements of section 620M of the FAA, also known as the Leahy law, project beneficiaries or participants from a foreign government’s security forces may need to be vetted by the Department before the provision of any assistance. If a proposed grant or cooperative agreement will provide assistance to foreign security forces or personnel, compliance with the Leahy Law is required.

In addition, funds cannot be made available to any individual or organization that has committed serious human rights abuse.

**E. APPLICATION REVIEW INFORMATION**

**E.1 Proposal Review Criteria**

The U.S. Embassy Kyiv Merit Review Panel will evaluate each application individually against the following criteria, listed below in order of importance, and not against competing applications. Please use the below criteria as a reference, but **do not structure your application according to the sub-sections.**

**Quality and Program Design – 20 points:** The program idea is well-developed and responsive to the policy and program objective of the NOFO. The applicant describes the project’s potential contribution to solving the problem addressed in the problem statement. The application clearly defines the problem, it’s causes, stakeholders, and existing research/data; the approach taken to solve the problem; and realistic milestones to indicate progress.

**Organizational Capacity – 20 points:** The applicant demonstrates an institutional record of successful projects in the content area proposed. The applicant demonstrates experience (e.g., has previously worked and/or has established contacts/partners) in the proposed country/territory/region. The organization has expertise in its stated field and has adequate staffing to manage the proposed project. The applicant demonstrates capacity for responsible
fiscal management of donor funding (e.g., successful management of a previous grant or sub-award, single audit findings, exclusions, etc.). Organizations that propose sub-granting should demonstrate strong capacity (human resources and technical) that would make this project component effective. Organizations with a strong track record will be more favorably reviewed.

**Program Planning/Ability to Achieve Objectives – 15 points:** Goals and objectives are clearly stated and project approach is likely to provide maximum impact in achieving the proposed results. The applicant proposes activities that are feasible, and are also practical, and/or experiential in nature to encourage innovation. The applicant addresses how the project will engage or obtain support from relevant stakeholders and/or identifies local partners. Program logic is sound showing plausible pathways to achieve project outcomes. Key assumptions and risks have been identified and their potential influences described. The applicant acknowledges if activities similar to those proposed are already taking or have taken place previously and provides an explanation as to how proposed new activities will not duplicate or merely add to existing/recent activities.

**Detailed Budget & Budget Narrative – 10 points:** The budget justification is detailed, accounting for all necessary expenses to achieve proposed activities. Costs are reasonable in relation to the proposed activities and anticipated results and provide detail of calculations, including estimation methods, quantities, unit costs, labor in-put and responsibilities, procurement practice and policy information, and other similar quantitative detail.

**Monitoring & Evaluation/Sustainability – 25 points:** Applicant demonstrates ability to measure program success against key indicators and provides milestones to indicate progress toward goals outlined in the proposal. The program includes output and outcome indicators and shows how and when those will be measured and who will be responsible for them. The applicant clearly details how activities will result in benefits that will continue beyond the funding period.

**Support of Equity and Underserved Communities – 10 points:** Proposals should clearly demonstrate how the program will support and advance equity and engage underserved communities in program administration, design, and implementation.

**E.2 Review and Selection Process**

The Department of State is committed to ensuring a competitive and standardized process for awarding funding. Applications will be screened initially in a Technical Eligibility Review stage to determine whether applicants meet the eligibility requirements outlined in section C and have submitted all required documents outlined in section D. Applications that do not meet these requirements will not advance beyond the Technical Eligibility Review stage and will be deemed ineligible for funding under this NOFO.

All applications that are deemed eligible will proceed to the Merit Review Panel consisting of U.S. Government subject matter and/or country-specific experts and will be rated on a 100-point scale. U.S. Embassy Kyiv reserves the right to request the assistance of non-U.S. Government Subject Matter Experts (SMEs), if appropriate to the solicitation. Point values for individual
elements of the application are presented Section E.1 Proposal Review Criteria. Merit Review Panel Reviewers’ ratings, and any resulting recommendations, are advisory. Merit Review Panel Reviewers may provide conditions and recommendations on applications to enhance the proposed project, which must be addressed by the applicant before further consideration of the award.

The Merit Review Panel’s recommendations may be subject to a final review and high-level approval at the discretion of the U.S. Embassy Kyiv’s senior level official and will be influenced by whether the application meets the Department of State’s programmatic goals and objectives, how it supports the Department’s overarching foreign policy priorities, and the geographic distribution of the top-ranking applications. The decision for the final award determination rests with the Grants Officer.
