

D-U-N-S number is a unique nine-digit identification number has been assigned to over 100 million businesses worldwide. This number remains with the company location to which it has been assigned even if it closes or goes out-of-business. DUNS number is requested for funding by over 50 international commercial and nonprofit institutions, including the UN, Federal Government, and European Commission. If your organization has already received funding from the State Department and possesses DUNS number, but you did not activate it for the last 6 months, please make sure it is still active. As soon as you receive DUNS number or activate the old one, please start the registration in [SAM system](#) right away.

There are two ways to obtain DUNS number:

- 1) Receive DUNS with the help of “Avesta–Ukraine” (official representative of Dun & Bradstreet in Ukraine.
